Bursary Fund guidance 2022-23

Introduction

The bursary fund is designed to help those young people between the ages of 16-19 (at the start of their academic studies) who face the greatest barriers to continuing in Post-16 Education. The Bursary award has two elements the **Guaranteed Bursary** and the **Discretionary Bursary**.

Guaranteed Bursary

This bursary is available to students who fall under one of the following vulnerable groups:

- in care
- care leavers
- receiving Income Support, or Universal Credit because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner
- receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance or Universal Credit in their own right

** Ref: <https://www.gov.uk/guidance/16-to-19-education-financial-support-for-students>

Making an application

Applications are made using the school application form (see policy appendix). Students must provide evidence that they fall into one of the categories above by providing official evidence from the awarding body (e.g. Support Allowance letter, Staffordshire 'In Care' letter). Students cannot self-certify their eligibility for the 16-19 Bursary Fund.

Initial applications for the guaranteed bursary must be made before **30th September 2023** so that funds can be allocated. This does not prohibit students from applying should they fall into the vulnerable group within the year. School will then complete a funding claim form and submit to the Learner Support Service. Learner Support Services will process the form, send institutions remittance advice and issue payment. Students will then be allocated the bursary 'pro-rata' based on the number of school weeks left (based on 30 school weeks a year).

Payments

The school will split the bursary into 3 school terms with £400 value of educational resources being provided each term, unless circumstances dictate otherwise. Please see policy appendix for the range of educational resources you may claim for. The school will then purchase these resources on your behalf. The application should include an item number, item description, item cost and a supplier must be provided. Guaranteed bursary applicants must use all of their bursary allocation by the end of the academic year.

Students may wish to purchase the resources themselves, provide an original receipt and then claim the monies back or to put an application in for the school to purchase the resource for them on their behalf.

Students must detail both the difficulty they are facing to provide the resource themselves, the resource they would like purchased and the purpose of the resource. **Funds will be allocated based on need and volume of applications.** This funding is provided on the basis of good attendance during all lessons whilst in Sixth Form. Should attendance become irregular then funding will be withdrawn. **The deadline for Discretionary Bursary Applications is 23rd October 2020, however, if financial difficulties arise after this date, applications can be considered.** Successful applicants will need to provide personal bank account details for the bursary to be paid to and sign a Student Agreement.
