## Year 7: Timetable Changes

Dear parent/carers,

Due to staffing changes and to ensure that all students continue to be taught by subject specialists, we will be altering the Year 7 timetable from Monday, 27<sup>th</sup> November. The alterations only involve the Year 7 Art, French or Spanish, Geography, History, and Music classes. From Monday, all students will join a new class in these subjects. We apologise for these unavoidable changes at this point in the year.

A new printed timetable, detailing all these changes, will be issued to your child during the school day, tomorrow (Thursday, 23<sup>rd</sup> November). The days and times at which the lessons for these subjects take place may also have changed, so it is important that your child follows their new printed timetable. Their new timetable will also show on MCAS and Satchel One, by Friday (24<sup>th</sup> November).

Please note, Kingsmead School does not practice 'setting' or 'streaming' (using ability to group students). Instead, the composition of each class is carefully crafted to ensure an equal balance of gender, attainment, and other attributes, across the year. Kingsmead School teachers 'teach to the top' in all lessons and use 'scaffolding' to ensure that all students are appropriately challenged and supported.

If you have any queries, please contact Mrs. Milner on ([t.milner@kingsmeadschool.net](mailto:t.milner@kingsmeadschool.net)).

Yours faithfully,

Mr. B. Morris

Assistant Head & Data Manager
