RE: GEOGRAPHY FIELDWORK HEDNESFORD

Dear Parent(s)/Carer(s),

Fieldwork is an essential part of Geography at Kingsmead. We would therefore like to introduce this to our Year 7 students from the start of their Geography learning journey. The fieldwork will involve students walking from school to Hednesford High Street (approx.15 minutes), collecting data on the types of shops, their mood and the amount of people, and then walking back.

This will take place for all Year 7 students. Each class will complete this during their designated Geography lesson below:

Class group	Date
7E1	Friday, 27 th September - Period 1
7E2	Monday, 30 th September - Period 3
7E3	Tuesday, 1 st October - Period 3
7E4	Monday, 30 th September - Period 1
7E5	Thursday, 26 th September - Period 4
7E6	Tuesday, 4 th October - Period 4
7E7	Monday, 30 th September - Period 2
7E8	Friday, 27 th September - Period 3
7E9	Tuesday, 1 st October - Period 4

Please note the following points:

- Students must wear school uniform, including school shoes and bring appropriate clothing for wet and cold weather,
- Normal school rules apply,
- Students will remain with the member of staff at all times.

We intend to go ahead with all classes on the day, however if inclement weather does occur, we will get in touch with any changes to the plans.

If you have any questions or issues with your child completing this fieldwork, please email k.powell@kingsmeadschool.net. If we do not hear from you, we will assume agreement to taking them off site for this hour.

Yours faithfully,
Miss K. Powell
(Subject Lead Geography)
