

Craft of the classroom

Autumn Term

Craft of the classroom are twilights with a difference—their delivery is not fixed within the training calendar. Instead the ones that are delivered are chosen from expressions of interest and advertised prior to the training. Some examples are shown on these pages.

Spring Term

Summer Term

Effective homework and flipped learning	
Using video for self reflection	
Effective use of TAs	
Planning questioning for different purposes	
Challenging reluctant students to engage in learning	
'Out of the box' lesson ideas	
Support pupil premium	
Extended writing	
Revision techniques/methods	
Closing the gap	

Craft of the classroom

These twilights are hinged around evidence based research. The twilight is split into 2x30 minutes with chance in between to try out ideas based on the group discussions. Experiences are fed back in the last session and the emphasis is very much on day-to-day practice.

Questioning	
Time management	
Feedback	
Numeracy	
Developing independence	
Schemes of Learning	
Role of the tutor	
Literacy	
Tweak to transform	
Effectively using the school behaviour approach
